PROFILE

Highly motivated and detail-oriented Junior Full Stack Developer with experience in building dynamic web applications. Proficient in front-end technologies like HTML, CSS, JavaScript, and React, as well as back-end technologies like Node.js and databases like MongoDB. Strong problem-solving skills and a passion for learning and growth. Eager to contribute to innovative projects and collaborate with experienced developers to enhance skills.

PROFESSIONAL EXPERIENCE

Software Development Intern

03/2025 – 03/2025

Sail Innovation Lab

Lagos, Nigeria

- Participated in an intensive, hands-on software development training program focused on full-stack web development.
- Gained practical experience with front-end technologies (HTML, CSS, JavaScript, React.js) and back-end tools (Node.js, MongoDB).
- Built real-world web applications both individually and in collaborative team settings.
- Worked in Agile development teams, using Git and GitHub for version control and code collaboration.

Medical Laboratory Intern

10/2023 – 02/2024

Aruna Ogun Hospital

Lagos, Nigeria

- Gained practical experience in multiple core laboratory departments including Microbiology, Hematology, Clinical Chemistry, Parasitology, Immunology, and Blood Banking.
- Assisted in specimen collection, preparation, and analysis to support accurate diagnostic testing.
- Performed routine laboratory procedures under the supervision of senior laboratory professionals, ensuring adherence to safety and quality protocols.
- Contributed to maintaining laboratory equipment and documentation to support efficient workflow.

EDUCATION

Bsc. Microbiology

01/2024

Lagos State University

Lagos, Nigeria

SKILLS

- JavaScript (including ES6+ syntax)
- Server-side JavaScript (Node.js)
- Adaptability and continuous learning
- Version control systems (Git)
- Communication and teamwork
- Responsive web design
- Problem-solving and debugging
- Front-end frameworks such as React
